

Sherman Disaster Recovery Fund

Village President Trevor J Clatfelter and the Sherman Village Board of Trustees have received numerous requests by local residents and businesses to provide financial assistance to the residents most greatly impacted by the March 31, 2023 Tornado.

In response, the Village has established a special fund for those wishing to assist residents in this recovery. This account is designed to provide direct assistance to eligible Village of Sherman residents impacted and in greatest need. Details on eligibility are being discussed amongst Village Officials, but all funds will go to Sherman and stay in Sherman.

WAYS TO DONATE

- Use the **QR code** that links directly to the account.
